

Commemorating World Tuberculosis Day!

The Red Ribbon Club Unit of School of Physiotherapy hosted an enlightening Awareness Program on 21.03.2024, shedding light on the importance of Tuberculosis Prevention and Elimination. Dr. Vignash T, Assistant Professor from the Department of Community Medicine at AVMC&H, delivered a captivating speech, empowering the audience with valuable insights on combating TB. The event also witnessed the recognition of talent, as prizes were distributed to the winners of various competitions, adding a touch of celebration to our mission of raising awareness!

Let's join hands in spreading awareness and taking steps towards a TB-free world!
